

TGT Robby 900 S universal

THE ALL-TERRAIN ALLROUNDER

FACTS

The TGT Robby 900 S - the right outdoor helper. Where other all-terrain glass lifter have to abandon, the TGT Robby 900 really gets going. Even in poor construction substrates such as gravel, sand, mud, etc. it is finally easy to transport heavy and large glasses, elements, panels and employ them perpendicular. The special feature of TGT Robby 900 S is the width of only 78 cm, he fits through any door or gate.

The TGT Robby 900 S universal is an unique "Pick and Carry", which needs no supports.
